

OH WOW!! What an aircraft!! This Cessna 205 is spectacular. Great interior and upgraded more powerful engine (IO-550). All the benefits of a 206 without the price. All the benefits of the 210 without the maintenance hassle and expense of retractable gear. A true 4-seater (6 six seats) haul the entire family and strollers on a trip or drop the wheels and add floats to transport your clients to the back country. This is the aircraft for you. Owned and meticulously maintained by a retired FedEx Pilot.
